Abstracts of Volunteer Papers

- Are there rebreathing problems when the universal "F" breathing circuit is used for infants or is misconnected?, Fukuda K, Igarashi O, Kaneko Y, Fukunaga A, 126
- Assessment of a patient-controlled intravenous sedation method, Iwama I, Sumitomo M, Furuya H, 121
- Assessment of clinical needs for anesthesia and sedation in the general population, Phero JC, Dionne RA, McCullagh LM, Gordon SM, 125
- An assessment with rhinomanometry of epinephrine nasal spray before nasotracheal intubation, Sato Y, Sato M, Sato K, Kuji A, Joh S, 116
- Comparison of anterograde amnesic effects of propofol and midazolam during conscious sedation, Persico JE, Philibin TB, Bradley BE, 122
- Comparison of propofol and methohexital using an infusion pump method for deep sedation, Cohen M, Eisig S, Kraut RA, 117
- Diagnostic lidocaine infusion in patients with chronic orofacial pain, Saxen MA, Adams WR, Spolnik KS, Campbell RL, 124
- Different methods of dental anesthesia for ambulant dental treatment of handicapped patients, Jakobs W, Chichon P, 123
- Double-blind placebo-controlled comparison of iv toxicity of lidocaine vs articaine in man, Rahn R, Hellenbrecht D, Offenloch K, Vogt M, Ghahremani M, Kucher A, 116
- Effects of adrenaline on vascular smooth muscle in porcine tongue, Sato K, Kuji A, Sato M, Sato Y, Joh S, 123
- Effects of combination use of clonidine in intravenous sedation with midazolam, Kyoda N, Oka S, Murai T, Misaki T, Kanayama T, 120
- Effects of combined maxillary or mandibular nerve block and inhalation anesthesia on attenuation of surgical stress during oral and maxillofacial surgery, Mamiya H, Abe K, Kaneko Y, 121
- Effects of halothane on intracellular Ca^{2+} and tension in porcine bronchial muscle, Sato M, Kuji A, Sato Y, Sato K, Joh S, 123
- Effects of sedation using flunitrazepam in patients with ischemic heart diseases, Sasao M, Noguchi I, Amemiya Y, 118
- Electronic anesthesia vs topical anesthesia for the control of injection pain, Quarnstrom FC, Libed E, 116
- Elevated anti-myelin antibody titers in atypical facial pain patients with neuralgia-inducing cavitational osteonecrosis, McMahon RE, Bouquet J, Griep J, Saxen M, Mahan P, Gremillion H, 125
- The incidence of arrhythmias during induction of general anesthesia, Kim Y, Hirota Y, Shibutani T, Niwa H, Hori T, Matsuura H, 122
- The influence of systemic blood pressure changes on oral and brain tissue blood flow and oxygen partial pressure during isoflurane anesthesia in mongrel dogs, Igarashi Y, Miyata T, Agata H, Nagatsuka C, Kaneko Y, 119
- Inorganic fluoride concentrations in serum and urine during nitroglycerin-induced hypotension of sevoflurane anesthesia, Hayashi N, Takeuchi T, Hirose I, 118
- Intraligamentary injection of slow release methylprednisolone for the prevention of pain following endodontic treatment, Kaufman E, Rotstein I, Helling I, Friedman S, Sion A, Mor C, Findler M, Markizio A, Stabholtz A, 118
- Modification by sevoflurane of functional reactivity in rabbit mesenteric artery, Yamaguchi A, Mizukawa H, Yoshida K, Kobayashi Y, Ohsawa A, Noguchi M, Okabe E, Ito H, 120
- Plasma concentration profile and effects on dental procedure-associated anxiety of intranasally administered midazolam, Burstein AH, Hatton M, Modica R, Gengo FM, 117
- Possibility of somatosensory evoked potential (SEP) as a parameter for the time of drug administration during total intravenous anesthesia, Yoshie M, Sumitomo M, Furuya H, 116
- Stellate ganglion block for treatment of temporomandibular disorders, Imamura Y, Nakanishi O, Nishi M, 119
- A study of management of medically compromised dental patients in Osaka University Dental Hospital with statistical analysis of outcomes, Okamoto Y, Hirota Y, Shibutani T, Niwa H, Hori T, Kim Y, Matsuura H, 124
- A study on the vasoconstrictors contained in local anesthetic solutions: clinically safe dosage of felypressin in essential hypertension, Sunada K, Sumitomo M, Furuya H, 119
